Areas of practices

Japanese Enterprises Service, Corporation and Investment, Civil and Commercial Dispute Resolution,

Work experience

Lawyer Chen Wenwei is mainly engaged in the comprehensive business of Japanese enterprises.

Lawyer Chen Wenwei has handled many difficult cases for clients during his more than 20 years of legal practice, including automotive product quality issues, mobile phone product quality issues, and investment withdrawal cases with an underlying amount of 4 billion yen. Among them, influential cases such as Mitsubishi Motors' auto recall case, the first domestic compulsory liquidation case, have been widely reported. As a legal advisor to many Fortune 500 companies (such as Goldman Sachs, Toyota Motor, Mitsubishi Electric, etc.), I am skilled in handling the daily business of the company, including the confirmation or production of various contracts and company rules and regulations, enterprise establishment, mergers and acquisitions, liquidation and dissolution, product liability, anti unfair competition, compliance management, labor disputes, etc., in order to provide customers with practical solutions and be trusted by customers.

Lawyer Chen Wenwei started pushing legal event books to clients as early as 2007, and has so far pushed over 700 issues; In 2017, it set up a personal official account "Classical Speech" to conduct legal analysis on social hot issues and judicial cases; Later, in 2021, a law popularization weekly was opened on the official official account of Gaopeng Law Firm to publicize legal issues in life, which has a good reputation and popularity among customers and readers.
