Areas of practices

Civil and Commercial Dispute Resolution，　Labor Law and Human Resource，

Work experience

Since practicing, I have been focusing on resolving corporate commercial disputes, real estate development and construction project disputes, and labor disputes

We have undertaken a large number of complex and difficult business contract disputes, company equity disputes, construction project disputes, and other related issues in the field of resolution

We have rich experience in dispute resolution in civil and commercial litigation, and have been providing human resources and labor laws and regulations to enterprises for many years

Policy training, development of human resource management systems, and other related services. And invited to serve as legal advisors for multiple state-owned and listed companies

We have provided professional and comprehensive high-quality legal services to numerous state-owned enterprises, listed companies, construction enterprises, and manufacturing enterprises,
